

Full Jungle & Rafting Adventure (3d / 2n): \$550 (includes 12% tax)

Day 1:

15:30 – Arrive

Your package begins at the Arajuno river bridge about 45 minutes from Tena. From the bridge you travel up river via canoe a short distance to the lodge. You have time to settle in and rest while enjoying a fantastic view of the Arajuno River. Before dinner, we will take you on a learning walk to view the conservation and sustainable development projects which are supported by the Arajuno visitors.

19:00 – Dinner

After dinner, you may select an optional night-walk activity. We will be bug hunting, frog watching and if we are lucky enough, some reptiles might be seen.

22:00- Evening

As your day winds down, you can choose to sit around the dining hall, conversing over a class of wine while watching the river flow by, or take that class of wine to the top of the birding tower and enjoy the stars. Or sit out in one of the hammocks on the bluff overlooking the river and listen to the night sounds of the jungle. At your call, turn in for the night to your cabin for a good night's sleep in a clean, comfortable bed.

Day 2:

08:00 – Breakfast

After our delicious breakfast, we will take a short walk back to the main road where a native community is located. While walking, our naturalists will explain the differences between primary rainforest and secondary rainforest. We will also have an opportunity to see how locals practice agriculture.

We will take a local bus for about 20 minutes to a place called Puerto Baranjilla where a canoe will take us to the Animal Rescue Center called "Amazoonico." You will see a wide variety of monkeys, macaws, ocelots, capybara, toucans, parrots and much more.

13:00 – Lunch

After a scrumptious lunch, you will return to the lodge and begin your immersion into the fascinating Primary Rainforest. Along the trail, our expert naturalist teaches you ecology and stories about the primary rainforest. You will observe a great variety of insects, a diversity of birds flying around us, and with some luck, other animal species such as sloths and reptiles. While walking through crystal creeks, you will have the opportunity to find several aquatic species such as fish, fresh water shrimp, crabs and more. Our goal on this walk is to reach the «Twin Towers» a pair of the oldest and largest trees in the primary rainforest.

19:00 – Dinner

After dinner, a bonfire on the beach awaits you for a night of laughing and singing.

Day 3:

06:00 – Breakfast

07:00 – Departure

We say good bye to the Arajuno Jungle Lodge after an early morning breakfast. You will travel back to Tena, then on to another part of the jungle for the start of your rafting adventure on the Upper

Napo River, also known as the Jatun Yacu River, which means “Big Water” in Quichua. BIG is probably the best word to describe this river: Big waves and tons of fun! This jungle river shows no signs of contamination as it flows from the Llanganates National Park – an extremely rugged and uninhabited mountain range believed by some to be the hiding place of Inca gold.

Before launching into the river, you will receive a brief explanation about the trip and important safety measures that must be considered; then be ready to start your adventure. Arranged through [Rios Ecuador](#), this amazing journey for beginner and expert rafters alike is the perfect combination of exciting rapids and calm natural pools, not to mention the wonderful surrounding jungle scenery. The Napo River, one of the principal tributaries of the great Amazon River, is a must when visiting our lodge! No rafting experience is necessary to enjoy this ride.

12:00 – Lunch

You will have a freshly prepared picnic lunch on the river bank, and then continue on down river.

16:00 – End of Float and Return to Tena

We will drive back to the city of Tena after a day of great adventure filled with adrenaline and excitement.

Additional days maybe arranged in advance at the rate of \$25 per person per night in cabins, \$10 per night in tents, \$12.50 per additional meal per person.
